Skware maker tables are durable, functional work tables for crafting and creating! A reversible, replaceable work surface sits flush within a hard bamboo framework for longevity and functionality. TotalLock casters add mobility. Renewable and highly recyclable materials compliment LEED and environmental goals. Bring your projects to life on Skware maker tables.

Quality veneers and finely crafted details combine to make your library a space that will be enjoyed for generations to come. Whether you choose from our collection of standard designs or a custom solution, we can help complete your vision.

Quality veneers and finely crafted details combine to make your library a space that will be enjoyed for generations to come. Whether you choose from our collection of standard designs such as Duo Cafe' Counter, Platform and Milestone Xbase or a custom solution, we can help complete your vision.

- Circulation Desks
- Office Furniture

- Desk Systems
- OPACs
- Display
- Custom Casework

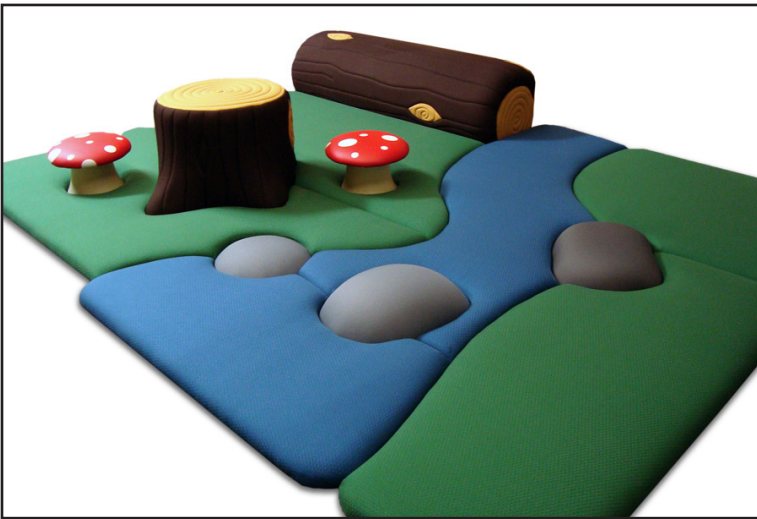

Our library aluminum folding tables are created with an original handcrafted artistry, and are the perfect solution for sophisticated & linenless presentations. These aircraft-grade aluminum tables, hand-etched with randomly swirled patterns, add a modern element to any décor. Aesthetically engaging without the use of linens, translates into significant savings associated with conventional linens. Select from a variety of finishes to establish a multitude of striking appearances for any library environment.

Designed for safety, durability and fun, our themed library furniture pieces aren't all fun and games . . . we use fabrics and construction materials that withstand the wear and tear of lots of little feet and large groups. Customers have absolute confidence that our products will continue to look great for years.

Kids, parents, and librarians tell us what matters most in furnishing reading areas for kids. They love the idea of moving beyond tables, chairs and beanbags to create an imaginative environment for exploring the world of books.

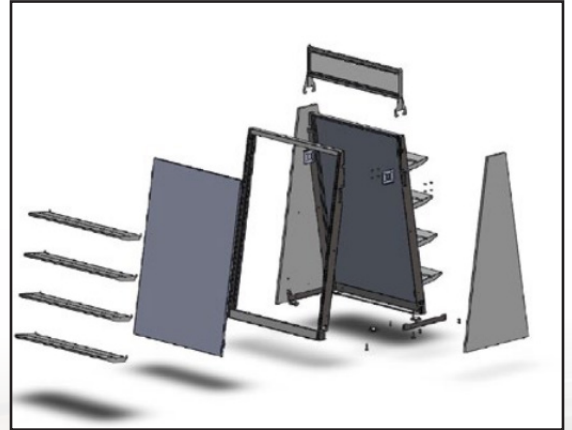

Our library shelving program offers lines that are clean, simple, extremely flexible in application and incredibly stable.

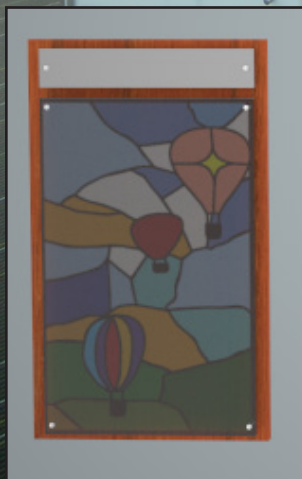

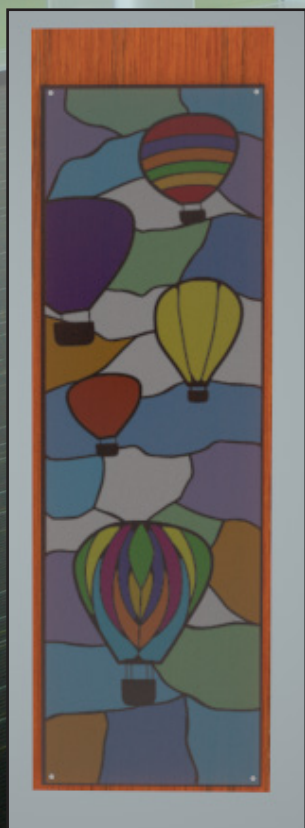

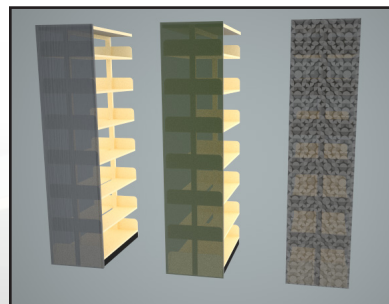

Our superior powder coat paint processes provide an environmentally safe and extremely durable finish available in many colors.

We use state of the art machinery coupled with an exceptional tradition in the metal working industry clearly separates bibliomodel and its designs from the rest.

Offering library shelving solutions in both the standard cantilevered shelving and the A-Frame most used for Audio Visual display.

Acrylic end panels add a lot of creativity and aesthetic flare to library environments. We can work with your artwork or let us assist you in custom artwork ideas. The possibilities are endless. Available in any heights for single-face, double-face or A-frame shelving.

Built to Last a Lifetime

Our chairs are built to last a lifetime. It is, and has always been, our goal to yield quality product that is both durable and distinctive thus satisfying each and every customer. We build chairs the only way we know how, the right way.

For over 25 years, our booths, tables, chairs, and other decorative products have found their way into libraries across the USA. Our skilled craftsmen build products that are designed to withstand years of use in a commercial environment, and can customize features for your unique situation as well.

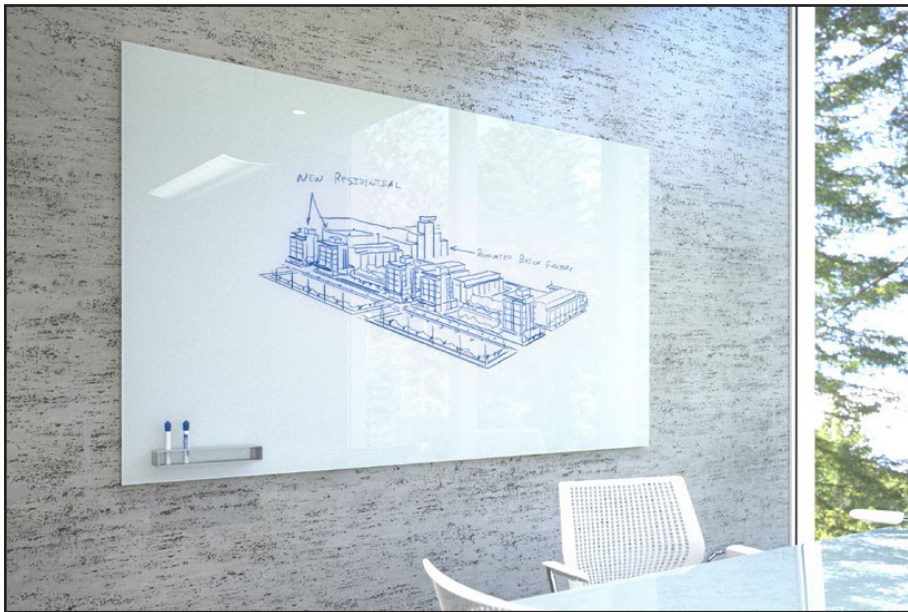

We strive to bring the best products and services to our clients, from school libraries to public, private and university libraries. We provide superior products that are manufactured to the highest standards and are delivered within critical deadlines. We have a standard product selection, but we also make custom booths, tables, and chairs for customers that desire a unique décor. We can offer superior quality at competitive prices because we don't go through a middleman.

We can work with your design team or apply our years of experience in the booth furniture industry to create a solution for you.

TMC Inspirational and inviting furnishings for any library environment. Playful, creative, colorful, sleek and imaginative designs. We aim to capture the essence of nature and introduce the freedom of it to public and private library spaces. We turn common areas into inviting places to stop and rest wherever your hike is taking you that day.

- Multi-directional concealed mounting hardware supplied
- Any size up to 72" x 144"
- Custom shapes and colors
- Available in Magnetic
- Made with eco-friendly and recyclable materials

These presentation boards can be utilized on library end panels, library collaborative work spaces, and library meeting rooms. Inspire creativity and communication within any space. Float mounts with no visible hardware for a clean and minimal look.

Glass presentation boards never stain, never ghost and last the life of your library end panels. Every presentation board is sized for library adult and children areas. Choose from one of several designer palettes to add vibrant color to your library.
